

**Lithuanian Life and Landmarks in America
Oral History Questionnaire**

For 150 years, successive waves of Lithuanian immigrants have come to America seeking a new life and opportunities. In celebration of Lithuanian immigrants and their contributions to this country, the Balzekas Museum of Lithuanian Culture is excited to launch a new project entitled: "Lithuanian Life and Landmarks in America". Collecting and preserving oral histories of Lithuanian immigrants and their descendants throughout the United States is integral to this project. These histories and archival materials from the Museum's own collections will be used to develop both physical and online exhibits as well as interactive maps and guided tours documenting where and how Lithuanian Americans lived, worked, studied, prayed, and played.

To ensure the history and contributions of Lithuanian Americans are preserved for future generations, the Balzekas Museum invites Lithuanian immigrants and their descendants throughout the United States to fill out the attached questionnaire.
